**Globally Anticipated *Monster Hunter Wilds* Scheduled to Launch
February 28, 2025!**

- Capcom will provide the most playable demo stations for
a *Monster Hunter* game in series' history at Tokyo Game Show 2024 -

Capcom Co., Ltd. (Capcom) today announced that *Monster Hunter Wilds* will be released on February 28, 2025.

Monster Hunter Wilds is the latest title in the *Monster Hunter* series and is set in a dynamically changing world that is in one moment a severe wilderness, swarming with packs of attacking monsters, and in the next transforms into a rich natural environment teeming with life. Working toward its upcoming release, Capcom is developing the game with the aim of delivering an experience that satisfies both long-time fans of the series and newcomers alike.

Monster Hunter Wilds features beautiful visuals on a grand scale made possible by Capcom's proprietary game development engine, the RE ENGINE, as well as cross-play, allowing players to enjoy the game together regardless of their game platform.

In addition, Capcom will exhibit the first playable demo of the game in Japan at Tokyo Game Show 2024, which begins September 26. More than 150 playable demo stations in total will be available at the Capcom and PlayStation® booths, the largest number of such in the *Monster Hunter* series' history at the show.

Capcom remains firmly committed to satisfying the expectations of all users by leveraging its industry leading game development capabilities in order to create highly entertaining gameplay experiences.

About the *Monster Hunter* series:

The *Monster Hunter* series consists of hunting action games that pit players against giant monsters in beautiful natural environments. Beginning with the first title in 2004, the series established a new genre in which players cooperate to hunt ferocious monsters with their friends, growing into a global phenomenon with cumulative sales of the series exceeding 103 million units (as of June 30, 2024).
